Mission Statement:

**"Enriching Your Life While
While Enhancing Lifestyle."**

Hello! I'm William H. Kelly, Jr.

Here's a little about my background. I'm a Minister, Entrepreneur, Motivational Speaker, Father of 2, and future Author. I served 6 years in the Army Reserves under the watch of President Jimmy Carter. I have been in ministry for over 10 years. I am an Associate Minister at my church under the leadership of Pastor A. L. Siggers at Mt. Olive MBC in Hattiesburg, Mississippi.

I worked in the medical field for over 25 years. Resigning from Corporate America . . . One day I heeded the call to Entrepreneurship and started my own business of repairing, upgrading and selling new and used computers. That business is still flourishing today.

In ministry I've learned that God as given me the ability to motivate and inspire. With that said serving and helping people has been my true passion. I am now on the journey of motivating and inspiring people not only spiritually but in all areas of life. While life for me has not all been sunshine and roses: some how with the help of the good God I've risen above many obstacles and over come bad brakes and setbacks. We all know to well that life can hit hard sometimes. But one still has the ability to do or become anything he or she wants to become. You can get a larger vision of yourself and achieve tremendous results.

It doesn't matter what you want to achieve in life ,you can do it as long as it is right and noble. As long as you are not in violations of others or in violations of the law you can become or do what you wish. If you want to become a lawyer, school teacher, firemen, professional sports figure you can do it. Desire is the starting point of all achievement. Start were you are. The way will be made. In life some times you have to take the stairs to the top. You not going to always have success by taking the elevator. Success sometimes is the road less traveled. When you achieve goals you can enjoy the fruits. So come on what are you waiting for! Set some goals and get started. You can do it!!!

Benjamin Disraeli once said:

"The greatest good you can do for others is not just share your riches, but reveal to them their own."
